To the General Manager

Subject: Commercial Proposal for the Supply of ASPRO IODM 115-4RR Compressors from Stock

Our company is pleased to offer the supply of new ASPRO IODM 115-4RR compressors, which are in stock and available for immediate shipment. The equipment is designed for use at CNG filling stations (mother and daughter stations), as well as at industrial facilities operating on natural gas.

Technical Specifications of ASPRO IODM 115-4RR Compressor::

- Model: ASPRO IODM 115-4RR
- Type: Horizontal, reciprocating, 4-stage
- Gas Type: Natural Gas (CNG)
- Inlet Pressure: 1.4 – 3.0 bar (20.2 – 43.5 PSI)
- Discharge Pressure: up to 250 bar (3625 PSI)
- Capacity: up to 790 Nm³/h (217 – 1471 SCF/m)
- Layout: Horizontal, opposite
- Number of Stages: 2 / 3 / 4 / 5
- Drive: Belt drive
- Motor Power: 110 / 200 kW (150 / 270 HP)
- Cooling System: Air-cooled
- Lubrication System: Forced
- Condensate Separator: Included

Supply Terms:

- Delivery Terms: EXW / FOB — upon agreement.
- Delivery Time: To be confirmed at the time of order.
- Payment Terms: To be agreed upon.
- Warranty: In accordance with the manufacturer's standard warranty conditions.
- Supervision of installation, commissioning and personnel training can be included additionally upon request.

Included in Price:

- New equipment from the manufacturer
- Factory testing and quality control
- Standard set of operating documentation
- Technical support for installation and operation

Not Included in Price:

- Delivery to the final destination unless otherwise agreed
- Customs clearance and import duties
- Civil works and connection to utility networks

We are confident in long-term cooperation and ready to discuss all details to offer the most favorable conditions for both parties
